EDUCATION

California State Polytechnic University, Pomona

Bachelor of Science in Computer Science

Pomona, CA

Aug. 2022 – May 2026

EXPERIENCE

Barista

Oops Boba Tea & Coffee

March 2023 – March 2024

Arcadia, CA

- Efficiently managed resources and adaptable to intense workflows
- Trained new employees on POS systems and efficient workflow
- Delivered excellent customer service with speed and accuracy

PROJECTS

AI Credit and Lending Platform | *JavaScript* | *Python*

August 2025 – December 2025

- Designed and trained a machine learning model, integrating it into a frontend service for demonstration purposes
- Coordinated project planning, documentation, and deliverables for a course-based software project, ensuring requirements were met on schedule

AI Hackathon | *Databricks* | *AI/ML*

April 2025

- Proposed an AI-based system to automatically generate context-aware sound effects for video scenes using large language models and audio synthesis
- Explored Databricks to simulate a Google Cloud workflow for data processing and model experimentation
- Collaborated in a team of four to develop a concept prototype and presented the idea to judges, earning 3rd place overall

Clickbait Simulation | *React* | *HTML/CSS* | *BroncoHacks 2025*

April 2025

- Designed a front-end web app that mimics clickbait ads to educate users on online scam tactics
- Implemented a responsive React-based front-end that mimics clickbait ads and displays safe error states to demonstrate scam awareness

Personal Scheduling System | *Python* | *Tkinter* | *MongoDB* | *MVC*

March 2024 – May 2024

- Developing a desktop scheduling app using Tkinter and MongoDB with Model-View-Controller (MVC) architecture
- Designed core UI components and database schema to manage user events and reminders
- Applied object-oriented principles to ensure modular and scalable design

CERTIFICATES

Google Cloud Computing Foundations Certificate - Google Cloud

Issued March 2025

* Developed technical proficiency and fundamentals for cloud computing

Google Cloud Data Analytics Certificate - Google Cloud

Issued April 2025

* Leveraging cloud computing to prepare, process, and analyze data for key business decisions

Introduction to FinOps

Issued April 2025

* Learned core principles of cloud financial management, including cost optimization, budgeting, and accountability across engineering and finance teams

TECHNICAL SKILLS

Programming: Java, Python, JavaScript, C, SQL

Web Development: React, Next.js, Node.js, FastAPI, Tailwind CSS, HTML/CSS, API Integration

Data & AI: Scikit-learn, TensorFlow, PyTorch, Pandas, NumPy, Matplotlib, Machine Learning

Software Engineering: Object-Oriented Programming, Algorithms & Data Structures, MVC, UML, Agile/Scrum

Tools & Cloud: Git, GitHub, Google Cloud, AWS
